PATENT ATTORNEY

In conformity with 37 C.F.R. § 1.323, Applicants hereby request a Certificate of Correction in connection with the above-identified patent.

There is an error with respect to the middle initial of the first named inventor. Rather than "M." it should have been "R." Thus, the inventor's name should read: "James R. Meier". The error occurred as a result of clerical error and was made in good faith and without any deceptive intent. James Meier remains an inventor for the above-identified application/patent.

I have reviewed 37 C.F.R. §1.324 (Correction of inventorship in patent, pursuant to 35 U.S.C. 256) and MPEP 1481.02. The rule and section of the MPEP do not address the above-described typographical error problem. I received instructions from an experienced examiner through the Inventors Assistance Center to correct the error through this Request for Certificate of Correction.

Form PTO-1050 entitled CERTIFICATE OF CORRECTION setting out the errors is enclosed. It is respectfully requested that the enclosed Certificate be approved and signed by an Attesting Officer, and that a copy be returned to applicant's attorney for attachment to the original Certificate of Letters Patent.
